Dear Carroll,

Thrilled with your news re the King case. Thank God there are indefatigible men like you around still, seeking justice. Provides a nice contrast to "All the President's Men"!

Enclosed is an Australian ten dollar note - worth more than $ 12 in U.S. I couldn't quite follow your instructions regarding cost on "Oswald in New Orleans" Was it U.S. $ 20, or $ 2.00 ? Judging by the unavailability of the book, I suppose that the former is correct - and I'm going on that assumption, so the $ 12 is merely part-payment of what I owe you.

I am going on a visit to New Zealand on Friday - for about a month - and will attend to the last repayment upon my return. To expect a cheque or note before Christmas sometime.

Please send me a copy of WITNESS IV as soon as this is available. Payment will follow upon receipt. Very much look forward to this. Like you, possibly, I am becoming even more voracious for new information - Butler plans a new book on the Oval shot(s) before Xmas, too!

Kind regards,

Yours sincerely,

Jan MacFarlane

PS look forward to hearing from you in not too distant future - once the book you're working on is complete (about 6 weeks, you thought)...
